

■ HIGH CONFIDENCE PICKS

#	Player	Opponent	Prop	Dir	Line	Proj	Edge	Rationale
1	Zachary Svajda	vs Flavio Cobolli	Total Games Won	UNDER	13.5	8.6	-4.9	Cobolli (ITA, clay specialist) dominates. Svajda is an American with limited clay pedigree. Expected 6-2 6-1 6-2. Svajda earns 8-9 games max.
2	Flavio Cobolli	vs Zachary Svajda	Total Games	UNDER	32.5	25.8	-6.7	3-set blowout. 6-3 6-2 6-2 = 24 total games. Even a solid 3-setter stays well under 32. Line overestimates Svajda's clay resistance.
3	Marta Kostyuk	vs Iga Swiatek	Total Games Won	UNDER	9.5	6.8	-2.7	Swiatek is historically untouchable at Roland Garros. Even 6-3 6-4 leaves Kostyuk with only 7 games. Line sets a comfortable ceiling.
4	Iga Swiatek	vs Marta Kostyuk	Total Games	UNDER	20.5	18.1	-2.4	WTA best-of-3. Swiatek's clay dominance keeps matches short. 6-2 6-3 = 17 games. Needs a competitive 3-setter to clear 21. Unlikely.
5	Casper Ruud	vs Joao Fonseca	Total Games	UNDER	38.5	30.4	-8.1	Ruud is a clay master. A 3-set Ruud win (6-4 6-3 6-4 = 33 games) stays well under. Would need a 5-setter to reach 39. Projection strongly under.
6	Joao Fonseca	vs Casper Ruud	Total Games Won	UNDER	19.5	12.1	-7.4	Fonseca loses in 3 sets. Wins roughly 10-12 games in that scenario. Would need to steal 2 sets from Ruud on clay to reach 20. Not happening.
7	Alexander Zverev	vs Jesper De Jong	Total Games	UNDER	30.5	24.6	-5.9	Zverev (#3 seed) vs De Jong (~#80). 3-set dominant win. 6-2 6-2 6-3 = 25 games. Even 6-4 6-3 6-3 = 29. Enormous edge against the line.
8	Naomi Osaka	vs Aryna Sabalenka	Total Games Won	UNDER	8.5	6.4	-2.1	Sabalenka playing elite clay tennis. Osaka struggles to hold vs powerful baseliners. 6-3 6-2 leaves Osaka with just 5 games. Clean UNDER.
9	Mirra Andreeva	vs Jil Teichmann	Fantasy Score	OVER	22.0	24.3	+2.3	Andreeva (#5 WTA) is clay-reared. Teichmann prefers grass/fast hard. On clay, Andreeva wins comfortably — games won, BPW, and aces push FS above 22.
10	Marta Kostyuk	vs Iga Swiatek	Break Points Won	UNDER	3.5	2.0	-1.5	Swiatek's serve hold rate on clay is elite (~89%). Kostyuk rarely reaches 4+ BPW in any match, let alone against the best clay player alive.

■ MEDIUM CONFIDENCE PICKS

#	Player	Opponent	Prop	Dir	Line	Proj	Edge	Rationale
11	Jil Teichmann	vs Mirra Andreeva	Total Games Won	UNDER	6.5	5.1	-1.4	Pairs with pick #9. Andreeva wins 6-2 6-2 = Teichmann earns 4 games. Even 6-3 6-3 = 6 games. The 6.5 ceiling requires Teichmann to take a full set.
12	Flavio Cobolli	vs Zachary Svajda	Fantasy Score	OVER	28.5	31.2	+2.7	3-set dominant win on clay. Cobolli accumulates games won (18+), aces (8-10), and set wins. Line assumes a tight match the model doesn't project.
13	Matteo Berrettini	vs J.M. Cerundolo	Total Games	OVER	38.5	41.0	+2.5	Coin-flip match. Two clay baseline warriors with nearly identical profiles. Model projects 4-5 sets highly likely. 4-set avg = ~40 games.
14	Matteo Berrettini	vs J.M. Cerundolo	Total Tie Breaks	OVER	0.5	1.1	+0.6	In a tight 4-5 set clay battle, at least 1 tiebreak is highly probable. Model projects closeness in 2+ sets. At 0.5, this is a near coin-flip with edge.
15	Rafael Jodar	vs Pablo Carreno Busta	Total Games	OVER	35.5	38.1	+2.6	Two Spanish clay specialists — Jodar (#29) rising, Carreno Busta the wily veteran. Competitive from game 1. 4-set match is the base case.

#	Player	Opponent	Prop	Dir	Line	Proj	Edge	Rationale
1 6	Mirra Andreeva	vs Jil Teichmann	Break Points Won	OVER	5.0	5.9	+0.9	Andreeva's aggressive return exploits Teichmann's average clay serve. Teichmann's BP save rate drops on slow clay. Model projects 5+ BPW consistently.
1 7	Andrey Rublev	vs Jakub Mensik	Aces	UNDER	9.5	6.8	-2.7	Clay dramatically suppresses ace rates. Rublev averages 5-7 aces per match on clay. The 9.5 line appears priced off hard-court data. Clear edge.
1 8	Madison Keys	vs Diana Shnaider	Fantasy Score	UNDER	16.0	13.8	-2.2	Shnaider (#16 WTA) is the better clay mover right now. Keys has a big serve but struggles on slow clay. If Keys loses in 2 sets, FS craters below 12.
1 9	Aryna Sabalenka	vs Naomi Osaka	Total Games	UNDER	20.5	18.3	-2.2	Sabalenka dominates. WTA best-of-3. 6-3 6-2 = 17 total games; 6-4 6-3 = 19. Clearing 20.5 requires Osaka having an elite clay day — unlikely.
2 0	Elina Svitolina	vs Belinda Bencic	Total Games	OVER	21.5	23.4	+1.9	Both fighters returning from long absences. Neither dominates on clay. Model projects competitive 3-setter; even close 2-set 7-5 6-4 = 22 clears line.
